### Mr. Sanjay Gupta, Chairman, APL Apollo, comments on Q3FY26 results

"APL Apollo has delivered its best-ever quarterly performance in Q3FY26, with all-time high sales volume, EBITDA, and PAT. It is a remarkable milestone given the challenging demand environment faced by the construction material industry. Despite construction ban in the Delhi-NCR due to elevated pollution levels, a subdued macroeconomic environment, global trade uncertainty and ongoing slowdown in government infrastructure spending, APL Apollo has delivered exceptional resilience and execution strength.

For 9MFY26, the company's volume increased 11% YoY, which is ahead of overall industry growth. We remain focused on innovation and delivering the best customer experience to further enhance our leadership position in the industry. We are ready with our capacity, diversified product portfolio, distribution network and strong brand pull. We continue to remain prudent with our working capital management, which remains best in the construction material sector".
